

All-correct solvers 1983 – 1984 : 2715 to 2763

Solvers will recall that, due to industrial action limiting distribution of The Listener, for the purposes of the annual statistics crosswords 2720 to 2728 (shaded in the first table) were not counted. The list below is on that basis, but actual wrong entries during the period in question have unkindly been included (in brackets). There were no solvers with errors made only in that period.
