4	CAT	RAT	29	R	*
11	MONKEY	DONKEY	22	D	*

A. Put an asterisk by six pairs of answers which can be viewed as special in the context of this question. One of these six pairs may be deemed “dubious” and so a question mark should also be placed by its asterisk

B. The seventeen letters not required in the final column constitute a pretty unattractive set. By way of a tie breaker, rearrange these letters to make something loosely resembling a “sentence” _____
